APPROVAL.....OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to existing rights and is further subject to revocation if and when water can be furnished by an entity such as a water district or a municipality engaged in furnishing water. A meter must be installed in the discharge pipe line, near the point of diversion, and accurate measurements must be kept of water placed to beneficial use. It is understood that this right must allow for a reasonable lowering of the static water level. The well shall be equipped with a 2-inch opening and an air line for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to 534.030; therefore, the State retains the right to regulate the use of the water herein granted at any and all times. A meter, in good working condition, must be installed immediately in the discharge pipe line. This permit is issued subject further to the condition that the place of use is limited to the existing 45 single family residences and 14 duplexes presently located on 59 one-half acre lots within Blocks 4, 5 and 6 of Valley Ranchos Tract One subdivision. This permit is subject to reconsideration by the Las Vegas Valley Ground Water Board on or before July 1, 1968 and is also issued subject to the permittee complying with all the appropriate Nevada Public Service Commission requirements.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed.....0.50.....cubic feet per second.....but not to exceed 20.0 m.g. annually.

Actual construction work shall begin on or before.....April 30, 1968

Proof of commencement of work shall be filed before.....May 30, 1968

Work must be prosecuted with reasonable diligence and be completed on or before.....April 30, 1968

Proof of completion of work shall be filed before.....May 30, 1968

Application of water to beneficial use shall be made on or before.....May 30, 1968

Proof of the application of water to beneficial use shall be filed on or before.....June 30, 1968

Map in support of proof of beneficial use shall be filed on or before.....
